

DIRECTIONS to the Mother & Child Health Coalition office.

We have NOT MOVED but our address has changed. It was 6400 Prospect Ave, but now it's **2340 East Meyer Blvd., Building 1, Suite 216, Kansas City Missouri, 64132**. We are on the north-east side of the Research Medical Center complex, just west of Prospect and Hwy 71, and south of the intersection of Prospect and 63rd Street, between Meyer and 63rd Street. The building is not actually on Meyer Blvd. We're in the **Doctors Building #1**, not in the main hospital building on Meyer.

Come south/north on 71 HWY and get off at 63rd Street. From the north, you will turn right (west) on 63rd, then immediately left (south) onto Prospect. (Reverse left/right if you are coming from the south.)

After the CVS and the Bank of America, there's a blue and white monument style sign that says "Research Medical Center Doctor's Buildings." There is a large American flag above the sign. Turn into the drive by the sign, and park in the first parking lot on the left. It's an open lot, lower level. We're the first building, and it's marked **Building 1. Enter under the blue awning that says 2340 E Meyer, Bldg 1**. Go up to the second floor (by the stairs or elevator) and turn left; we're in Suite 216 at the end of the hall.

The office number is (816) 283-6242 if you get lost – press 0 for Operator.

Alternate Directions for getting to the MCHC office on the second floor, using an elevator:

The Building 2 door is the best entrance for using an elevator. As one enters the Research Medical Center Doctors' buildings driveway off of Prospect Avenue, continue driving past the Building 1 parking lot and enter through the Building 2 parking lot, which is the one on the higher level. The elevator is directly in front, as one enters the #2 building. Take it to the 2nd floor and turn right, and right again, and then straight down the hallway leading down to our offices. If you require assistance, please call us at (816) 283-6242 ext. 0.
