

Four children die every day in the United States as a result of child abuse.

Three out of four of these victims are under the age of 4.

Newborns are at greatest risk during the first few days of their life.

Safe Haven for Newborns
Coalition of Greater Kansas City

A group of dedicated individuals and agencies in Kansas and Missouri who recognize the need to promote state Safe Haven laws through education, advocacy and collaboration.

OUR GOAL

Raising community awareness about Kansas and Missouri Safe Haven laws through comprehensive, coordinated, metro-wide promotion of Safe Havens as a child abuse prevention strategy.

DETAILS ABOUT THE LAWS , VIDEOS , A POWER POINT AND OTHER RESOURCES CAN BE FOUND AT www.mchc.net

Not ALL locations have signs.

BECAUSE
NO ONE
EVER HAS TO
ABANDON A
NEWBORN

WHAT?

A SAFE HAVEN IS AN ALTERNATIVE TO ABANDONMENT, CHILD ABUSE, OR MURDER.

WHERE?

In Missouri:

A newborn 45 days old or less may be left in the hands of staff on duty at a **hospital, fire, ambulance or police station, maternity home or pregnancy resource center.**

In Kansas:

A newborn 60 days old or less may be left in the hands of staff on duty at a **hospital, fire or police station, or city or county health department.**

WHO?

Mostly women, they come from all education levels, ethnic backgrounds, and income levels.

They likely had no prenatal care.

They are likely not married and have no relationship with the father of the baby.

Their average age is 18 to 22.

Attention Missouri and Kansas Safe Havens:

To help you understand your responsibility under the law, a free on-line training course is available at:
<http://www.asafehavenfornewbornstraining.com/safe/safe.html>

WHY?

They may feel: isolated, alone frightened, in denial, anger, guilt, panic, trapped, helpless and/or hopeless.

They may feel that abandonment is the only option to bring ultimate closure to a traumatic event. But it's not!

Help spread the word to prevent this tragedy.
